

AKGEC SKILLS FOUNDATION

Training Program Details

CENTRE NAME- JANATICS IPKC

Training/Course Title:	Industrial Pneumatics - Basic	
Target Audience:	Students	
Fee:	7000/-	
Duration:	40 Hrs.	
Module	• Components of pneumatic systems: compressors, valves, actuators, and controls. • Air preparation: filtering, regulating, lubricating, and distribution. • Design and operation of pneumatic circuits for automation tasks. • Safety measures: pressure limits, emergency stops, and maintenance. • Integration of sensors for monitoring and control. • Sensor interfacing with electro-pneumatic systems and PLCs. • Hands-on practice with Actuator–Sensor Interface (ASI) systems.	
Outcome:	• Understanding and operation of pneumatic system components and circuits. • Efficient air preparation, distribution, and safety practices. • Ability to integrate and interfacing of sensors with electro-pneumatic systems and PLCs.	
Certification:	The participants, on successful completion of above trainings, will receive joint certification by JANATICS & AKGEC.
