

AKGEC SKILLS FOUNDATION

Training Program Details

BOSCH-REXROTH INDUSTRIAL AUTOMATION CENTRE OF EXCELLENCE

Training/Course Title:	Industrial Automation Technologies-Basic Level	
Target Audience:	Students	
Fee:	Rs. 7000/-	
Duration:	40 Hrs.	
Module	• Pneumatic system and its element. • Air preparation & Distribution System. • Pneumatic circuits with practical aspects. • Hydraulics, physical fundamental and principle of operation. • Hydraulic component (pumps, motors, cylinders, valves: directional, pressure, flow; accessories). • Basic hydraulic circuits. • Practice by self-trial of circuit making on demonstration power pack I. • Introduction to industrial controllers. • PLC basic and Ladder logic programming. • PLC specials function, online & offline monitoring.	
Outcome:	• Understanding of pneumatic and hydraulic systems, components, and basic circuit design. • Hands-on experience in building and testing hydraulic circuits on demonstration power packs. • Knowledge of industrial controllers and PLC fundamentals. • Ability to develop ladder logic programs and use PLC special functions. • Exposure to online and offline PLC monitoring for industrial applications.	
Certification:	The participants, on successful completion of above trainings, will receive joint certification by BOSCH-REXROTH & AKGEC.	
Program Coordinator:	Name: Dr. Alok Vardhan	Contact number: 9458582870
Payment Mode:		

AKGEC SKILLS FOUNDATION

Training Program Details

BOSCH-REXROTH INDUSTRIAL AUTOMATION CENTRE OF EXCELLENCE

Training/Course Title:	Industrial Automation Technologies-Intermediate Level	
Target Audience:	Students	
Fee:	Rs. 13500/-	
Duration:	80 Hrs.	
Module	• Pneumatic and electro- Pneumatic Circuit with practical aspects. • Maintenance and troubleshooting, Safety aspects. • Electro- hydraulic control and review for critical hydraulic aspects. • Practice by self-care of circuit making on being honest demonstration Power pack. • Electro- hydraulic and Electro- pneumatic control Technology with PLC. • Connection of field devices to PLC. • Introduction to sensor Technology. • Fundamental construction feature of sensors. • Principle & Functioning of various sensor.	
Outcome:	• Practical understanding of pneumatic, electro pneumatic, and electro-hydraulic control circuits. • Skills in maintenance, troubleshooting, and safety practices in fluid power systems. • Hands-on experience in PLC-based electro-hydraulic and electro-pneumatic control with field device connections. • Basic knowledge of sensor technology, construction features, and working principles.	
Certification:	The participants, on successful completion of above trainings, will receive joint certification by BOSCH-REXROTH & AKGEC.	
Program Coordinator:	Name: Dr. Alok Vardhan	Contact number: 9458582870
Payment Mode:		

AKGEC SKILLS FOUNDATION

Training Program Details

BOSCH-REXROTH INDUSTRIAL AUTOMATION CENTRE OF EXCELLENCE

Training/Course Title:	Industrial Automation Technologies-Advance Level	
Target Audience:	Students	
Fee:	Rs. 13500/-	
Duration:	120 Hrs.	
Module	• Introduction to Proportional Hydraulics. • Configuration of mechanical equipment & electrical. • Controls for assembly and conveying systems. • Concept of Assembly and conveying systems. • Hands-on with Modular Automation System. • HMI: Operation and programming. • Communication Protocol: Profibus. • Drive parameterization. • Introduction to M code & G codes. • Part programming, subroutine, standard cycles. • PLC controlled positioning mode (MLD-M). • Hands-on with motion control system.	
Outcome:	• Understanding of proportional hydraulics, mechanical–electrical configuration, and assembly & conveying system concepts. • Hands-on experience with modular automation systems, HMI operation/programming, and Profibus communication. • Practical knowledge of drive parameterization, PLC-controlled positioning, and motion control systems. • Basic proficiency in CNC concepts including M-codes, G-codes, part programming, subroutines, and standard cycles.	
Certification:	The participants, on successful completion of above trainings, will receive joint certification by BOSCH-REXROTH & AKGEC.	
Program Coordinator:	Name: Dr. Alok Vardhan	Contact number: 9458582870
