

AKGEC SKILLS FOUNDATION

Training Program Details

KUKA ROBOTIC CENTRE OF EXCELLENCE

Training/Course Title:	Robot Application Programming - Milling Application	
Target Audience:	Working Professionals	
Fee:	Rs 25000	
Duration:	40 Hrs	
Module:	▪ Recapitulation of Tool & Base Calibration, Motion Programming ▪ Power Mill spindle tool and Rotary table calibration ▪ Advance concept of Offline Programming ▪ Introduction to advanced CAM functions ▪ Machine and tool setup in software. ▪ Part positioning and strategy planning ▪ Post-processing of the Output file ▪ Job setup and upload program on hardware setup ▪ I/O Mapping Configuration for operation ▪ Execution of the program for job work	
Outcome:	▪ Gain knowledge of machining tools and external axis calibration. ▪ Understand the concept and need of offline programming for robotic machining operations. ▪ Able to perform 7-axis machining operations and resolve troubleshooting ▪ Practical understanding for developing a prototype/sculpture on high-density thermocol & high-density foam.	
Certification:	Upon successful completion of the above training, participants will receive certification from AKGEC Skills Foundation.
