

Index	Project Name	Project ID	Project Type	Project Description	Project Status	Project Manager	Project Start Date	Project End Date	Project Budget	Project Progress	Project Risk	Project Notes
1	Project A	1001	Software Development	Develop a new web application for user management.	Completed	John Doe	2023-01-01	2023-03-31	\$100,000	100%	Low	Project A was completed successfully on time and within budget.
2	Project B	1002	Hardware Upgrade	Upgrade the server infrastructure to support increased traffic.	In Progress	Jane Smith	2023-04-01	2023-06-30	\$200,000	75%	Medium	Project B is currently in progress. Some delays have been encountered due to hardware availability.
3	Project C	1003	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	Not Started	Mike Johnson	2023-07-01	2023-09-30	\$50,000	0%	Low	Project C is currently on hold. The marketing team is waiting for final approval.
4	Project D	1004	Research & Development	Conduct research and development for a new product line.	In Progress	Sarah Lee	2023-01-15	2023-08-31	\$300,000	60%	High	Project D is currently in progress. The R&D team is facing some challenges with the new technology.
5	Project E	1005	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	Completed	David Kim	2023-02-01	2023-05-31	\$150,000	100%	Medium	Project E was completed successfully. The network performance has improved significantly.
6	Project F	1006	Software Development	Develop a new mobile application for iOS and Android.	In Progress	Emily White	2023-03-01	2023-07-31	\$180,000	80%	Medium	Project F is currently in progress. The development team is working on the final features.
7	Project G	1007	Hardware Upgrade	Upgrade the database server to support larger data volumes.	Not Started	Chris Brown	2023-08-01	2023-10-31	\$120,000	0%	Low	Project G is currently on hold. The hardware team is waiting for the new server to arrive.
8	Project H	1008	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	In Progress	Alex Green	2023-04-15	2023-09-30	\$70,000	50%	Medium	Project H is currently in progress. The marketing team is working on the creative assets.
9	Project I	1009	Research & Development	Conduct research and development for a new product line.	Not Started	Olivia Black	2023-09-01	2023-12-31	\$250,000	0%	High	Project I is currently on hold. The R&D team is waiting for the final budget approval.
10	Project J	1010	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	In Progress	Benjamin Gray	2023-05-01	2023-11-30	\$160,000	40%	Medium	Project J is currently in progress. The network team is working on the configuration changes.
11	Project K	1011	Software Development	Develop a new web application for user management.	Completed	Mia Blue	2023-06-01	2023-08-31	\$90,000	100%	Low	Project K was completed successfully. The user management system is now live.
12	Project L	1012	Hardware Upgrade	Upgrade the server infrastructure to support increased traffic.	In Progress	Noah Black	2023-07-01	2023-10-31	\$210,000	65%	Medium	Project L is currently in progress. The server team is working on the hardware installation.
13	Project M	1013	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	Not Started	Charlotte Gray	2023-08-01	2023-11-30	\$60,000	0%	Low	Project M is currently on hold. The marketing team is waiting for the final creative assets.
14	Project N	1014	Research & Development	Conduct research and development for a new product line.	In Progress	Liam White	2023-09-01	2024-01-31	\$280,000	30%	High	Project N is currently in progress. The R&D team is working on the initial prototype.
15	Project O	1015	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	Completed	Ava Black	2023-10-01	2023-12-31	\$170,000	100%	Medium	Project O was completed successfully. The network performance has improved significantly.
16	Project P	1016	Software Development	Develop a new mobile application for iOS and Android.	In Progress	Ethan Gray	2023-11-01	2024-02-28	\$190,000	20%	Medium	Project P is currently in progress. The development team is working on the initial design.
17	Project Q	1017	Hardware Upgrade	Upgrade the database server to support larger data volumes.	Not Started	Sophia White	2024-01-01	2024-04-30	\$130,000	0%	Low	Project Q is currently on hold. The hardware team is waiting for the new server to arrive.
18	Project R	1018	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	In Progress	Lucas Black	2024-02-01	2024-05-31	\$80,000	10%	Medium	Project R is currently in progress. The marketing team is working on the creative assets.
19	Project S	1019	Research & Development	Conduct research and development for a new product line.	Not Started	Isabella Gray	2024-03-01	2024-06-30	\$260,000	0%	High	Project S is currently on hold. The R&D team is waiting for the final budget approval.
20	Project T	1020	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	In Progress	Julian White	2024-04-01	2024-07-31	\$180,000	15%	Medium	Project T is currently in progress. The network team is working on the configuration changes.
21	Project U	1021	Software Development	Develop a new web application for user management.	Completed	Madison Black	2024-05-01	2024-08-31	\$110,000	100%	Low	Project U was completed successfully. The user management system is now live.
22	Project V	1022	Hardware Upgrade	Upgrade the server infrastructure to support increased traffic.	In Progress	Oliver Gray	2024-06-01	2024-09-30	\$220,000	55%	Medium	Project V is currently in progress. The server team is working on the hardware installation.
23	Project W	1023	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	Not Started	Penelope White	2024-07-01	2024-10-31	\$70,000	0%	Low	Project W is currently on hold. The marketing team is waiting for the final creative assets.
24	Project X	1024	Research & Development	Conduct research and development for a new product line.	In Progress	Sebastian Black	2024-08-01	2024-11-30	\$290,000	25%	High	Project X is currently in progress. The R&D team is working on the initial prototype.
25	Project Y	1025	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	Completed	Valentina Gray	2024-09-01	2024-12-31	\$190,000	100%	Medium	Project Y was completed successfully. The network performance has improved significantly.
26	Project Z	1026	Software Development	Develop a new mobile application for iOS and Android.	In Progress	William White	2024-10-01	2025-01-31	\$200,000	10%	Medium	Project Z is currently in progress. The development team is working on the initial design.
27	Project AA	1027	Hardware Upgrade	Upgrade the database server to support larger data volumes.	Not Started	Xavier Black	2025-01-01	2025-04-30	\$140,000	0%	Low	Project AA is currently on hold. The hardware team is waiting for the new server to arrive.
28	Project AB	1028	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	In Progress	Yara Gray	2025-02-01	2025-05-31	\$90,000	5%	Medium	Project AB is currently in progress. The marketing team is working on the creative assets.
29	Project AC	1029	Research & Development	Conduct research and development for a new product line.	Not Started	Zoe White	2025-03-01	2025-06-30	\$270,000	0%	High	Project AC is currently on hold. The R&D team is waiting for the final budget approval.
30	Project AD	1030	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	In Progress	Benjamin Gray	2025-04-01	2025-07-31	\$180,000	15%	Medium	Project AD is currently in progress. The network team is working on the configuration changes.
31	Project AE	1031	Software Development	Develop a new web application for user management.	Completed	Mia Blue	2025-05-01	2025-08-31	\$110,000	100%	Low	Project AE was completed successfully. The user management system is now live.
32	Project AF	1032	Hardware Upgrade	Upgrade the server infrastructure to support increased traffic.	In Progress	Noah Black	2025-06-01	2025-09-30	\$220,000	55%	Medium	Project AF is currently in progress. The server team is working on the hardware installation.
33	Project AG	1033	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	Not Started	Charlotte Gray	2025-07-01	2025-10-31	\$70,000	0%	Low	Project AG is currently on hold. The marketing team is waiting for the final creative assets.
34	Project AH	1034	Research & Development	Conduct research and development for a new product line.	In Progress	Liam White	2025-08-01	2025-11-30	\$290,000	25%	High	Project AH is currently in progress. The R&D team is working on the initial prototype.
35	Project AI	1035	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	Completed	Ava Black	2025-09-01	2025-12-31	\$190,000	100%	Medium	Project AI was completed successfully. The network performance has improved significantly.
36	Project AJ	1036	Software Development	Develop a new mobile application for iOS and Android.	In Progress	Ethan Gray	2025-10-01	2026-01-31	\$200,000	10%	Medium	Project AJ is currently in progress. The development team is working on the initial design.
37	Project AK	1037	Hardware Upgrade	Upgrade the database server to support larger data volumes.	Not Started	Sophia White	2026-01-01	2026-04-30	\$130,000	0%	Low	Project AK is currently on hold. The hardware team is waiting for the new server to arrive.
38	Project AL	1038	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	In Progress	Lucas Black	2026-02-01	2026-05-31	\$80,000	10%	Medium	Project AL is currently in progress. The marketing team is working on the creative assets.
39	Project AM	1039	Research & Development	Conduct research and development for a new product line.	Not Started	Isabella Gray	2026-03-01	2026-06-30	\$260,000	0%	High	Project AM is currently on hold. The R&D team is waiting for the final budget approval.
40	Project AN	1040	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	In Progress	Julian White	2026-04-01	2026-07-31	\$180,000	15%	Medium	Project AN is currently in progress. The network team is working on the configuration changes.
41	Project AO	1041	Software Development	Develop a new web application for user management.	Completed	Madison Black	2026-05-01	2026-08-31	\$110,000	100%	Low	Project AO was completed successfully. The user management system is now live.
42	Project AP	1042	Hardware Upgrade	Upgrade the server infrastructure to support increased traffic.	In Progress	Oliver Gray	2026-06-01	2026-09-30	\$220,000	55%	Medium	Project AP is currently in progress. The server team is working on the hardware installation.
43	Project AQ	1043	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	Not Started	Penelope White	2026-07-01	2026-10-31	\$70,000	0%	Low	Project AQ is currently on hold. The marketing team is waiting for the final creative assets.
44	Project AR	1044	Research & Development	Conduct research and development for a new product line.	In Progress	Sebastian Black	2026-08-01	2026-11-30	\$290,000	25%	High	Project AR is currently in progress. The R&D team is working on the initial prototype.
45	Project AS	1045	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	Completed	Valentina Gray	2026-09-01	2026-12-31	\$190,000	100%	Medium	Project AS was completed successfully. The network performance has improved significantly.
46	Project AT	1046	Software Development	Develop a new mobile application for iOS and Android.	In Progress	William White	2026-10-01	2027-01-31	\$200,000	10%	Medium	Project AT is currently in progress. The development team is working on the initial design.
47	Project AU	1047	Hardware Upgrade	Upgrade the database server to support larger data volumes.	Not Started	Xavier Black	2027-01-01	2027-04-30	\$140,000	0%	Low	Project AU is currently on hold. The hardware team is waiting for the new server to arrive.
48	Project AV	1048	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	In Progress	Yara Gray	2027-02-01	2027-05-31	\$90,000	5%	Medium	Project AV is currently in progress. The marketing team is working on the creative assets.
49	Project AW	1049	Research & Development	Conduct research and development for a new product line.	Not Started	Zoe White	2027-03-01	2027-06-30	\$270,000	0%	High	Project AW is currently on hold. The R&D team is waiting for the final budget approval.
50	Project AX	1050	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	In Progress	Benjamin Gray	2027-04-01	2027-07-31	\$180,000	15%	Medium	Project AX is currently in progress. The network team is working on the configuration changes.
51	Project AY	1051	Software Development	Develop a new web application for user management.	Completed	Mia Blue	2027-05-01	2027-08-31	\$110,000	100%	Low	Project AY was completed successfully. The user management system is now live.
52	Project AZ	1052	Hardware Upgrade	Upgrade the server infrastructure to support increased traffic.	In Progress	Noah Black	2027-06-01	2027-09-30	\$220,000	55%	Medium	Project AZ is currently in progress. The server team is working on the hardware installation.
53	Project BA	1053	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	Not Started	Charlotte Gray	2027-07-01	2027-10-31	\$70,000	0%	Low	Project BA is currently on hold. The marketing team is waiting for the final creative assets.
54	Project BB	1054	Research & Development	Conduct research and development for a new product line.	In Progress	Liam White	2027-08-01	2027-11-30	\$290,000	25%	High	Project BB is currently in progress. The R&D team is working on the initial prototype.
55	Project BC	1055	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	Completed	Ava Black	2027-09-01	2027-12-31	\$190,000	100%	Medium	Project BC was completed successfully. The network performance has improved significantly.
56	Project BD	1056	Software Development	Develop a new mobile application for iOS and Android.	In Progress	Ethan Gray	2027-10-01	2028-01-31	\$200,000	10%	Medium	Project BD is currently in progress. The development team is working on the initial design.
57	Project BE	1057	Hardware Upgrade	Upgrade the database server to support larger data volumes.	Not Started	Sophia White	2028-01-01	2028-04-30	\$130,000	0%	Low	Project BE is currently on hold. The hardware team is waiting for the new server to arrive.
58	Project BF	1058	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	In Progress	Lucas Black	2028-02-01	2028-05-31	\$80,000	10%	Medium	Project BF is currently in progress. The marketing team is working on the creative assets.
59	Project BG	1059	Research & Development	Conduct research and development for a new product line.	Not Started	Isabella Gray	2028-03-01	2028-06-30	\$260,000	0%	High	Project BG is currently on hold. The R&D team is waiting for the final budget approval.
60	Project BH	1060	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	In Progress	Julian White	2028-04-01	2028-07-31	\$180,000	15%	Medium	Project BH is currently in progress. The network team is working on the configuration changes.
61	Project BI	1061	Software Development	Develop a new web application for user management.	Completed	Madison Black	2028-05-01	2028-08-31	\$110,000	100%	Low	Project BI was completed successfully. The user management system is now live.
62	Project BJ	1062	Hardware Upgrade	Upgrade the server infrastructure to support increased traffic.	In Progress	Oliver Gray	2028-06-01	2028-09-30	\$220,000	55%	Medium	Project BJ is currently in progress. The server team is working on the hardware installation.
63	Project BK	1063	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	Not Started	Penelope White	2028-07-01	2028-10-31	\$70,000	0%	Low	Project BK is currently on hold. The marketing team is waiting for the final creative assets.
64	Project BL	1064	Research & Development	Conduct research and development for a new product line.	In Progress	Sebastian Black	2028-08-01	2028-11-30	\$290,000	25%	High	Project BL is currently in progress. The R&D team is working on the initial prototype.
65	Project BM	1065	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	Completed	Valentina Gray	2028-09-01	2028-12-31	\$190,000	100%	Medium	Project BM was completed successfully. The network performance has improved significantly.
66	Project BN	1066	Software Development	Develop a new mobile application for iOS and Android.	In Progress	William White	2028-10-01	2029-01-31	\$200,000	10%	Medium	Project BN is currently in progress. The development team is working on the initial design.
67	Project BO	1067	Hardware Upgrade	Upgrade the database server to support larger data volumes.	Not Started	Xavier Black	2029-01-01	2029-04-30	\$140,000	0%	Low	Project BO is currently on hold. The hardware team is waiting for the new server to arrive.
68	Project BP	1068	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	In Progress	Yara Gray	2029-02-01	2029-05-31	\$90,000	5%	Medium	Project BP is currently in progress. The marketing team is working on the creative assets.
69	Project BQ	1069	Research & Development	Conduct research and development for a new product line.	Not Started	Zoe White	2029-03-01	2029-06-30	\$270,000	0%	High	Project BQ is currently on hold. The R&D team is waiting for the final budget approval.
70	Project BR	1070	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	In Progress	Benjamin Gray	2029-04-01	2029-07-31	\$180,000	15%	Medium	Project BR is currently in progress. The network team is working on the configuration changes.
71	Project BS	1071	Software Development	Develop a new web application for user management.	Completed	Mia Blue	2029-05-01	2029-08-31	\$110,000	100%	Low	Project BS was completed successfully. The user management system is now live.
72	Project BT	1072	Hardware Upgrade	Upgrade the server infrastructure to support increased traffic.	In Progress	Noah Black	2029-06-01	2029-09-30	\$220,000	55%	Medium	Project BT is currently in progress. The server team is working on the hardware installation.
73	Project BU	1073	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	Not Started	Charlotte Gray	2029-07-01	2029-10-31	\$70,000	0%	Low	Project BU is currently on hold. The marketing team is waiting for the final creative assets.
74	Project BV	1074	Research & Development	Conduct research and development for a new product line.	In Progress	Liam White	2029-08-01	2029-11-30	\$290,000	25%	High	Project BV is currently in progress. The R&D team is working on the initial prototype.
75	Project BW	1075	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	Completed	Ava Black	2029-09-01	2029-12-31	\$190,000	100%	Medium	Project BW was completed successfully. The network performance has improved significantly.
76	Project BX	1076	Software Development	Develop a new mobile application for iOS and Android.	In Progress	Ethan Gray	2029-10-01	2030-01-31	\$200,000	10%	Medium	Project BX is currently in progress. The development team is working on the initial design.
77	Project BY	1077	Hardware Upgrade	Upgrade the database server to support larger data volumes.	Not Started	Sophia White	2030-01-01	2030-04-30	\$130,000	0%	Low	Project BY is currently on hold. The hardware team is waiting for the new server to arrive.
78	Project BZ	1078	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	In Progress	Lucas Black	2030-02-01	2030-05-31	\$80,000	10%	Medium	Project BZ is currently in progress. The marketing team is working on the creative assets.
79	Project CA	1079	Research & Development	Conduct research and development for a new product line.	Not Started	Isabella Gray	2030-03-01	2030-06-30	\$260,000	0%	High	Project CA is currently on hold. The R&D team is waiting for the final budget approval.
80	Project CB	1080	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	In Progress	Julian White	2030-04-01	2030-07-31	\$180,000	15%	Medium	Project CB is currently in progress. The network team is working on the configuration changes.
81	Project CC	1081	Software Development	Develop a new web application for user management.	Completed	Madison Black	2030-05-01	2030-08-31	\$110,000	100%	Low	Project CC was completed successfully. The user management system is now live.
82	Project CD	1082	Hardware Upgrade	Upgrade the server infrastructure to support increased traffic.	In Progress	Oliver Gray	2030-06-01	2030-09-30	\$220,000	55%	Medium	Project CD is currently in progress. The server team is working on the hardware installation.
83	Project CE	1083	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	Not Started	Penelope White	2030-07-01	2030-10-31	\$70,000	0%	Low	Project CE is currently on hold. The marketing team is waiting for the final creative assets.
84	Project CF	1084	Research & Development	Conduct research and development for a new product line.	In Progress	Sebastian Black	2030-08-01	2030-11-30	\$290,000	25%	High	Project CF is currently in progress. The R&D team is working on the initial prototype.
85	Project CG	1085	Infrastructure Upgrade	Upgrade the network infrastructure to improve performance.	Completed	Valentina Gray	2030-09-01	2030-12-31	\$190,000	100%	Medium	Project CG was completed successfully. The network performance has improved significantly.
86	Project CH	1086	Software Development	Develop a new mobile application for iOS and Android.	In Progress	William White	2030-10-01	2031-01-31	\$200,000	10%	Medium	Project CH is currently in progress. The development team is working on the initial design.
87	Project CI	1087	Hardware Upgrade	Upgrade the database server to support larger data volumes.	Not Started	Xavier Black	2031-01-01	2031-04-30	\$140,000	0%	Low	Project CI is currently on hold. The hardware team is waiting for the new server to arrive.
88	Project CJ	1088	Marketing Campaign	Launch a new marketing campaign for the upcoming product launch.	In Progress	Yara Gray	2031-02-01	2031-05-31	\$90,000	5%	Medium	Project CJ is currently in progress. The marketing team is working on the creative assets.
89	Project CK	1089	Research & Development	Conduct research and development for a new product line.	Not Started	Zoe White	2031-03-01	2031-06-30	\$270,000	0%	High	Project CK is currently on hold. The R&D team is waiting for the final budget approval.</
