

# Code Crunch Contest

The Programming Club at AKGEC successfully organized CodeCrunch 2024 on 9th December 2024. CodeCrunch was a competitive programming event designed to test and reward students based on their problem-solving and coding skills. The event aimed to foster a culture of coding excellence within the college, providing a platform for students to challenge themselves and showcase their programming abilities.

The contest attracted a large number of participants, each eager to solve complex algorithmic problems within a limited time frame. The event was meticulously managed by the Programming Club team, ensuring smooth coordination and a seamless experience for all participants.

## Event Highlights:

CodeCrunch featured a programming contest hosted on a popular competitive coding platform, where participants were presented with a series of algorithmic and problem-solving challenges.

- Registrations for the event were handled via a custom-built website developed by the Programming Club team.
- The contest offered students an opportunity to compete in a challenging yet fun environment, pushing their coding limits and sharpening their skills.
- The top three winners of the contest were awarded the following cash prizes:

1st Place: ₹1500

2nd Place: ₹1000

3rd Place: ₹500

The success of CodeCrunch 2024 demonstrated the vibrant and competitive spirit of AKGEC students, further promoting the culture of programming and problem-solving within the college community.
